Depending on the numbers of Applicants from the Spanish/French schools, the girls will then be matched with a suitable student.

- **All Students and their families MUST be willing to HOST an Exchange Student for 3 or 4 weeks in their homes while attending Loreto Foxrock.**

Hosting involves full responsibility for the safety & entertainment of your foreign student while in your care.

- **The Foxrock students will be hosted by the same girl and attend her school when she goes to their country.**

- All efforts possible will be made to accommodate students wanting to travel together at the same time in pairs. The possibility of sending larger groups of up to 10 students will depend on numbers of applicants so no guarantees can be given.

- The dates are confirmed soon after the matches are made. In general, the Spanish & French students arrive before Christmas and our students travel to Spain/France at the end of the Easter holidays, -so they do not miss the School Musical but this time frame is not guaranteed.
